

RoHS2 Directive (2011/65/EU) Compliance Statement

Compliance

Mowden Controls Ltd has undertaken an evaluation of its product range to ensure compliance to the RoHS2 (2011/65/EU) Directive. As a result of this review we believe that that all products and sub-assemblies are manufactured using raw materials that **do not** contain the restricted substances referred to Article 4(1) of the RoHS2 Directive at concentration levels in excess of those permitted under the RoHS2 Directive, or up to levels allowed in excess of these concentrations as identified in the amended **Annex II** of the RoHS2 Directive, dated March 31st 2015 which additionally restricts the use of DEHP, BBP, DBP and DIBP in electrical and electronic equipment (EU Directive 2015/863), and which becomes effective on **July 22nd 2019**.

No	Restricted Substance	Maximum Threshold Limit
1	Lead (Pb)	1000ppm (0.1% by weight)
2	Mercury (Hg)	1000ppm (0.1% by weight)
3	Cadmium (Cd)	100ppm (0.01% by weight)
4	Hexavalent chromium (Cr6+)	1000ppm (0.1% by weight)
5	Polybrominated biphenyls (PBB)	1000ppm (0.1% by weight)
6	Polybrominated diphenyl ether (PBDE)	1000ppm (0.1% by weight)
7	Bis(2-ethylexyl) phthalate (DEHP)	1000ppm (0.1% by weight)
8	Benzyl butyl phthalate (BBP)	1000ppm (0.1% by weight)
9	Dibutyl phthalate (DBP)	1000ppm (0.1% by weight)
10	Diisobutyl phthalate (DIBP)	1000ppm (0.1% by weight)

Mowden Controls Ltd RoHS2 compliance approach includes the following elements and requirements: -

1. For products designated by Mowden Controls Ltd to be RoHS2 compliant, Mowden Controls Ltd specifies and designs the product to use material and parts **that** conform to the RoHS2 Directive;
2. All suppliers of RoHS2 compliant products, parts and components must provide a declaration of conformity that the products, parts and components supplied meet the RoHS2 Directive;
3. Mowden Controls Ltd follow a detailed product qualification and compliance process for all manufactured products, which includes materials and specification reviews and audit and inspection of manufacturing processes;

Non-Compliant Products (& Customers)

Mowden Controls Ltd may manufacture non-compliant products either in response to specific customer manufacturing requirements or products that are exempt from the RoHS (2002/95/EC) & RoHS2 (2011/65/EU) Directives. Where these products are then made available to the open market they will be appropriately identified at the point of sale and/or despatch as non-compliant with the RoHS2 Directive. Third party products specified or free-issued by the customer shall not be covered by this statement of compliance and the obligation to ensure compliance will remain with the customer/third party.

Product Conformance & Declarations of Conformity

Customers who require the provision of individual or specific Declarations of Conformity will only be supplied with the certification once compliance to the RoHS2 (2011/65/EU) Directive has been verified.
